

Graphic or Video Text Organizer

Students can use the following organizer to record their learning as they are learning to Interpret and Analyse.

Photo, graph, infographic, chart, video, or illustration?	What do I see? Are there any patterns or relationships between the images or the information presented?	What do I think it means? What do I think is being inferred through the image? What can I deduce from the information in it? Is it valid information?	What connections can I make between the information in it and my personal experiences?	What do I want to know more about the information?
