Graphic Organizer for Analysing Sources

Students can use the following organizer in analysing their sources as they are learning to Interpret and Analyse.

Currency:
When was it created? Was it appropriate?

Reliability of Information:
Who is the author? Why are they credible?

Source:

Perspectives:
From whose point of view is the text?
Whose POV is missing? What does the author gain from the information in this text?

Relevance:
What question does this source answer and how is it connected to my topic?
